I Got Love

Glenn Frey

Woke up this morning with the smile on my face
Sat up in bed and looked around this old place
Opened the window, let the sun shine in
You see, me and my baby, we're back together againJumped on the freeway with this song in my head
I started thinkin' 'bout the things we said
I said I'm sorry, she said I'm sorry too
You know I can't be happy unless I'm happy with youI got love, it's my lucky day
I got love, gonna keep it that way
It's the sweetest gift from the heavens above
I got you, baby, I got loveNo more staring at my blue telephone
No more pretending I like being alone
No more searching when the workday's done
I get back on the freeway, head on home to number oneI got love, she's waiting for me
I got love, she's sweet as can be
She's the greatest gift from the heavens above
Ow, baby, I got love, babe, alright, ohWhen you've got love, you got to walk like a man
You've got to bend, you've got to understand
It won't be easy, no, no, that's not in the plan
But if it ain't all honey, still it's right on the moneyYeah, I got love, I'm happy to say
I got love, it's stronger each day
It's the sweetest gift from the powers above
I got you, baby and I know I got loveI got love, I got love
Every night and every day
To go a long, long, long way
