

Destroy Everything

Hatebreed

A new life begins! Destroy everything(x3)
Obliterate what makes us weak
Destroy everything(x3)
Decimate what threatens me Cleanse this world with flame
End this, cleanse this
Rebuild and start again
Obliterate what makes us weak End this and embrace the destruction
End this to embrace new life (new life) Even an empty threat deserves a response you won't soon forget
I must destroy everything that tries to infect
Even an empty threat deserves a response you won't soon forget
I must destroy everything that tries to infect Destroy everything(x3)
Obliterate what makes us weak
Destroy everything(x3)
Decimate what threatens me Cleanse this world with flame
End this, cleanse this
Rebuild and start again
Obliterate what makes us weak End this and embrace the destruction
End this to embrace new life (new life)
Even an empty threat deserves a response you won't soon forget
I must destroy everything that tries to infect
Even an empty threat deserves a response you won't soon forget
I must destroy everything that tries to infect A new life begins Destroy everything(x2)
Obliterate what makes us weak
Destroy everything(x3)
Decimate what threatens me
Destroy everything(x3)
So a new life can begin Destroy everything(x3) Rebuild and start again, again
