

# Flow

LIVE

Gotta find a way to flow  
In a host of things that grow,  
Where babies become old  
And love is bought and sold.  
The mouth of god is wide,  
So let's just fall inside  
And let the whole damn thing go  
And flow...Everybody's here  
Mystery and beer  
I have nothin to fear'Cause I found a way to flow  
In a host of things that grow  
Where babies become old  
And love is bought and sold.  
The mouth of god is wide,  
So let's just fall inside  
And let every damn thing go  
And flow...Everybody's here  
The mystery is near  
I have nothin to fear'Cause I found a way to flow  
In a host of things that grow  
These babies become old  
And love is bought and sold.  
The mouth of god is wide,  
So I'll just fall inside  
And let every damn thing go  
And flow...Everywhere we go  
(Come inside)  
Everywhere we go  
Everywhere we go
