

# Not Ready To Go

## The Trews

It's never ending as far as I know  
But there's a doubt you feel between us both  
You're grounded daily, I'm on a cloud  
I float up every night as you come down I'm not ready to go  
Are you unhappy or are you low?  
I should be leaving but I'm not ready to go  
I'm not ready to go Even if you think I'm crazy, drunk and stoned  
I don't wanna be messed up alone  
There's nothing wrong here  
There's nothing wrong here  
There's nothing wrong here  
There's nothing wrong I'm not ready to go
