Power Windows

John Berry

Charlie drives a brand new Mercedes Benz
He's got another one just like it, just like all his friends
His wife is playing tennis and his kids are off at school
He drives home to his empty house, sits by his empty swimmin' poolBut he's got power windows, he's got power brakes
He's got a power bed, push a button and it shakes
He's got no one to talk to, tears rollin' down his face
He ain't got the power, power of loveLewis drives a beat up '69 Dodge
Swears it's a statue of Mary, keeps his car from fallin' apart
Gracie right beside him, sittin' closer than a smile
She's got her head on his shoulder
Oh, how he loves to drive and hold herHe's got no power windows, got no power brakes
He ain't got no power nothin' but he's got what it takes
He's got Gracie's arm around him and a smile upon his face
He's got the power, power of loveNo air conditioning, no cellular telephone
He goes rumblin' down the highway, listenin' to his AM radio
One arm out the window and a smile upon his face
Makes you wonder how he got there, 'til you see him look at Grace
(See him look at Grace)He's got the power
(Ain't that the power of love)
He's got the power
(Ain't that the power of love)He's got the power
(Ain't that the power of love)
He's got the power
Ain't that the power of loveNo air conditioning, no cellular telephone
He goes rumblin' down the highway, listenin' to his AM radio
One arm out the window and a smile upon his face
Makes you wonder how he got there, 'til you see him look at GraceHe's got no power windows, got no power brakes
He ain't got no power nothin' but he's got what it takes
He's got Gracie's arm around him, a smile upon his face
He's got the power of lovePower of love
(Ain't that the power of love)
Power of love
(Ain't that the power of love)
Power of loveLewis drives a beat up '69 Dodge
Swears it's a statue of Mary, keeps his car from fallin' apart(Ain't that the power of love)
(Ain't that the power of love)
(Ain't that the power of love)

(Ain't that the power of love)
