

Clouds

Pugwash

Clouds blew over me
Clouds blew over you
 What can we do?
 What can we do?
 Clouds.
Clouds look down on me
Clouds look down on you
 What can we do?
 What can we do?
 Clouds
Clouds on evescent moon
Raining down in June
 What can we do?
 What can we do?
 Clouds
Clouds look down upon the two of us
Clouds look down upon the two of us
 What can we do?
 What can we do?
 Clouds
Clouds look down upon the two of us....
