Bump It

Erykah Badu

Push up the fader
Bust the meter
Shake the tweeter
Bump it...well, well, well...
Bump it...well, well,
You know I love it when they play my beat real loud
Because it moves the band, then it moves the crowd
You I love it when the play my shit sky high
It puts me in a daze
And oh - oh - oh - oh
Ooh baby before you bump it
Won't you shake it just a little for me
Oh - oh - oh - oh
Wait a minute before you buss it
Won't you roll a lickle' something for me
Push up the fader
Bust the meter
Shake he tweeter
Bump it...well, well, well
Bump it...well, well.
