

Been Gone

Keshia Chante

I know it's late, baby I've been dialing your number all day
Got me missing you like crazy, you acting like you hate me
Yes, I know I was wrong, I just want you back
Just say you'll take me It just can't be over, you took away your phone calls and visits
I thought that we were closer, you're giving me the cold shoulder
When I want your warm hugs and kisses
That's what I need the most It's like Bonnie with no Clyde without you by my side
It's like a part of me died away since you been gone
If I spend some time without you thought I'd be okay
I can't replace you, I tried, it didn't work out that way So tell me where will you go?
And tell me who's gonna love you like I do?
Since you been gone
Gone, gone, gone, gone, gone, gone
Since you been gone I can't respect your feelings
So tell me when you thought about it?
Did you think of me at all?
You don't seem to be affected, I'm trying to correct it You shoot me down, how could you watch me fall?
I make mistakes that don't mean that I don't love you
I'll learn to love you more, whatever, just let me know
I feel so empty 'cause you've taken your love out my life
I'll keep you happy, darling, don't let me go It's like Bonnie with no Clyde without you by my side
It's like a part of me died away since you been gone
If I spend some time without you thought I'd be okay
I can't replace you, I tried, it didn't work out that way So tell me where will you go?
And tell me who's gonna love you like I do?
Since you been gone
Gone, gone, gone, gone, gone, gone
Since you been gone This time I'll say I love you every time we speak
Make you a priority, be your strength when you are weak
This time whenever you call me I'll be there
No matter what I'm doing, I will come no matter where This time I'll give you all the loving that I got
Say the right things, I don't wanna lose what I got
And I don't wanna hurt no more but you got down
Baby, open up the door and let me in It's like Bonnie with no Clyde without you by my side
It's like a part of me died away since you been gone
If I spend some time without you thought I'd be okay
I can't replace you, I tried, it didn't work out that way So tell me where will you go?
And tell me who's gonna love you like I do?
Since you been gone

Gone, gone, gone, gone, gone, gone
Since you been gone It's like Bonnie with no Clyde without you by my side
It's like a part of me died away since you been gone
If I spend some time without you thought I'd be okay
I can't replace you, I tried, it didn't work out that way So tell me where will you go?
And tell me who's gonna love you like I do?
Since you been gone
Gone, gone, gone, gone, gone, gone
Since you been gone
