Radiance

Athenaeum

Goodnight sleep tight, my movie star
You don't know how fortunate you are
You said you had a job you didn't like
Nothin' to lose
You're running from the things that you can't fight
But they all catch up with youLivin' in the wrong place, wrong time
Searching for the things you couldn't see
I could never stand in your light
But at least you noticed meLivin' in the wrong place, wrong time
Searchin' for the things you'll never do
But if it makes it easier on your life
But I hope they notice youGoodnight sleep tight, my movie star
We don't know how fortunate we are
Did you ever have a dream where you couldn't speak
Or you couldn't scream?
You're runnin' from the past that makes you weak
I know what you needLivin' in the wrong place wrong time
Searchin' for the things you couldn't see
I could never stand in your light
But at least you noticed meLivin' in the wrong place wrong time
Choked about the things you'll never do
But if it makes it easier on your life
I'm on my way, I'm on my wayI'm on my way, I'm on my way
I'm on my way
