The Pink

Medicine

You used to put me
In the right frame to steal
Now, every footstep tears
A hole inside my ear
And every instinct tell me
Just to trust me fearChorus:
It's the same same same
It's the same same same
It's the same same same
And it ain't going to changeI can see around my mind
When you're not near
I don't think about you
When you're not hereChorus
