

# Sound of Silence (7th Heaven Club Mix)

**Dami Im**

Growing tired and weary brown eyes  
Trying to feel your love through face time  
Symphonies of dreams and highlights  
Caught up in this crazy fast life  
But baby you're not here with me  
And I keep calling, calling  
Keep calling 'cause Now my heart awakes to the sound of silence  
And it beats to the sound of silence  
And it beats to the sound of silence  
Now my heart awakes to the sound of silence  
And it beats to the sound of silence  
And it beats to the sound of silence  
Getting hard to break through the madness  
You're not here it never makes sense  
Tidal waves of tears are crashing  
No one here to save me drowning  
'Cause baby you're not here with me  
And I keep calling, calling  
Keep calling 'cause Now my heart awakes to the sound of silence  
And it beats to the sound of silence  
And it beats to the sound of silence  
Now my heart awakes to the sound of silence  
And it beats to the sound of silence  
And it beats to the sound of silence  
I know I'm stronger and I'm capable  
I know it's all in my head  
But I keep calling, calling  
Calling, calling Now my heart awakes to the sound of silence  
And it beats to the sound of silence  
And it beats to the sound of silence  
Now my heart awakes to the sound of silence  
And it beats to the sound of silence  
And it beats to the sound of silence
