

Time Is Mine

Tony Iommi

Lift me up
Lift me up
Put me above jail
But put me below skies, below crimson skies Undress me from these rags
Shake me and watch me glow
Foundations cracking under the wisdom of our steps Lift me up and shake me low
Shake and glow and life will be saved Time is mine, ignore the blind
It won't be long till the writing is gone
And time will fly
A burden on life lifted high and precisely through wisdom and war
Wisdom and war Braided veins
Can turn to gold
Smoke and stone
Will claim the skies and open all whose eyes are blind
The tempter is behind thee, and cowers through the throes
The sands that drank from blood, to rivers that flow beyond Time is mine, ignore the blind
It won't be long till the writing is gone
And time will fly
The tied hands of man and you will understand through the pains of rebirth
Time is mine, the choking of seas
I won't be wrong when the scriptures are gone
And time will fly
A burden on life lifted high and precisely through wisdom and war Deplete the eyes
Walk through the skies
In the memories of old
We'll blow it all away Time is mine, ignore the blind
It won't be long till the writing is gone
And time will fly
The tied hands of man and you will understand through the pains of rebirth
Time is mine, the choking of seas
I won't be wrong when the scriptures are gone
And time will fly
A burden on life lifted high and precisely through wisdom and war
