People

Inspection 12

Say hello. I'm the idiot who waits outside your window.
Seventeen. An age at which you're balancing the beam.
Introvert: A person just concerned
With his one's own thoughts. I'll tell you what I've learned.
Transgress. You've broken all the boundaries I possess.
People suck
Liquidate. Pay off all your debts before I get irate.
Decompose. Rotting in the ground, straight even rows.
Hustler: A swindler on the street.
He just needs something to eat.
Caprice. A sudden change in mind; or fickleness.
People suck
