This an emotion between a man and a woman
don't wanna calculate it, don't wanna regulate it
If I knew the true love was like this, I can't be sure if I'd have tried it
All I feel is anger. and the danger.maennal ireon sik

pyeonhaesseuljido molla I'm a love loser You hesitate
All your mistakes
Stop wasting my time
So you like playing games
Roll the dice again
But beware, you take care
You're in danger tonight My heart is burning can you feel it tonight?
Like an open fire lighting up the sky There will be no escape
U and me face-to-face
We take it all the way
We're in danger tonight My heart is burning can you feel it tonight?
Like an open fire lighting up the sky There will be no escape
U and me face-to-face
We take it all the way
We're in danger tonight neo ttaemune neomu apa
