

If You've Got the Time

John Waite

If I say I love ya
And lay it on the line, yeah
Could you say you need me
And put your hands in mineOh, I got love that grows
 Oh, I got love that grows
 I got the love
 If you've got the time
Then I've got the timeDo you say you want me?
 You'll give me everything
 Then you could come live here
I'd even buy a ringOh, I've got lots to learn
 Oh, I've got love to burn
 I got the love
If you've got the timeOh, I've got love that grows
 Oh, I've got love that grows
 I got the love
 If you've got the time
Then I've got the timeDo you say you need me?
 You'll give me everything
 Then you could come live here
I'd even buy a ringOh, I've got love that grows
 Oh, I've got love that grows
 I got the love
 If you've got the time
Then I've got the timeOh, I've got love that grows
 Oh I've got love that grows
 I got the love
 If you've got the time
Then I've got the timeOh I've got love that grows
 Oh I've got love that grows
 I've got the love
