Dance, Dance d'Amour

David Hasselhoff

Blue moon light feel so right
Does take light for me and and my lover
Dim the lights, lips like wine
Feel so right for me and my loverDance, dance d'amour, kissing the night tonight, toujours
'Cause when the dance is all over, we do a sweet Bossa Nova
Dance, dance d'amour, wishing the night will last toujours
'Cause when the dance is all over, we do a sweet Bossa NovaDon't you feel this is real
Time stands still for me and my lover
Dim the light, lips like wine
Feel so right for me and my loverDance, dance d'amour, kissing the night tonight, toujours
'Cause when the dance is all over, we do a sweet Bossa Nova
Dance, dance d'amour, wishing the night will last toujours
'Cause when the dance is all over, we do a sweet Bossa NovaTease me , please me, tell me, you be true
Hold me in your arms, I love you, I love youDance, dance d'amour, kissing the night tonight, toujours
'Cause when the dance is all over, we do a sweet Bossa Nova
Dance, dance d'amour, wishing the night will last toujours
'Cause when the dance is all over, we do a sweet Bossa Nova
