

Impersonality

Goo Goo Dolls

When I was three feet tall
I loved 'em all
And lived life for myself
Fallin' down for laughs
Your photograph
Some puppets made of felt Watching life in OZ Thanksgiving Eve
On Grandma's old TV
Dancing round about
I'd twist and shout for everyone to see Impersonality
It's leanin' hard on me Mamma's in a shop
Watching little sister by myself
Robbed a wishing pond
In a fleeting bond
Bound to share the wealth Scooping up the coins
A warning shot from some authority
Doesn't matter now
But I'll shout out loud for everyone to see Never got to know ya
Did you ever wonder why?
Now it's nice to know ya
And I'm glad you're doing fine
Think of all the time lost
Was it really lost at all?
Now I'm so proud of ya
I'd love to tell you all I see
Listen hard to your reality Impersonality
It's leanin' hard on me Impersonality
It's leanin' hard on me
