

On the Wing

How to Destroy Angels

We've grown
Should've known
All alone
We wakeSingle file
Remembering how
And all the while
We waitI hear the warnings on the wing
I don't believe in anythingKept inside
Afraid to rise
Foolish pride
We waitOff the trail
We eat our tails
I can't fail
I wait
And waitI hear the warnings on the wing
I don't believe in anything
I hear the voices rise and sing
But I don't believe in anythingUsed to
Believe in you
Yet all we do
Is wait
