Yes I

Bad Brains

Yes I people, yes I people,
Careful on when we strung.
Yes I people, yes I people
Think its smart to get moved on.
Yes I people, yes I people
The near has come, the near has come.Pick to the year, for its fall.Yes I people, it is true,
For me are you, thats for sure.
Come on, people, I will keep on trying on, trying more.Yes I people, all these people have tried to won, tried to won.
