

Yes I

Bad Brains

Yes I people, yes I people,

Careful on when we strung.

Yes I people, yes I people

Think its smart to get moved on.

Yes I people, yes I people

The near has come, the near has come. Pick to the year, for its fall. Yes I people, it is true,

For me are you, thats for sure.

Come on, people, I will keep on trying on, trying more. Yes I people, all these people have tried to won, tried to won.
