

# It's Only Love

## Tommy James & The Shondells

You can't laugh, you can't cry  
Your actin kinda funny and you don't know why  
Cause your heart keeps beatin like a big bass drum  
And the beats gettin strong and it's so much fun  
And you keep on singin but the words are wrong  
And you can't stop laughin baby what's goin on  
It's only love, tryin to get trough  
It's only love, tryin to get trough  
It's only love, tryin to get trough  
You can't run, you can't hide  
No matter what you do your on a ten cent ride  
Goin up, down baby and it's so much fun  
And your heart keeps beatin like a big bass drum  
And the beats gettin strong and it just won't quit  
Better hold on baby, cause you know that  
It's only love, tryin to get trough  
It's only love, tryin to get trough  
It's only love, tryin to get trough From: "J. R. Walskey"
