## **Take Care**

## **Copeland**

I'll take care of you, oh

Have faith that when you call my name

I'll be thereIt was a straight faced lie I believed

It was a straight faced lie, you would ever leave me

But for now I'll keep believing your words

And soon enough my strength will returnI'll take care of you, oh

Have faith that when you call my name

I'll be there, I'll be right there

So keep breathing, oh keep that sweet heart of yours beating

I'll be right thereLet me draw the blinds for you

You can watch the sunset from The bed in your hospital room Until you're sleeping, I'm sure

I don't understand how I found a love so pureAnd I'll take care of you, oh
Have faith that when you call my name
I'll be there, I'll be right there

So keep breathing, oh keep that sweet heart of yours beating I'll be right there, I'll be right thereDon't lift a finger let me show you

The only way to let this go Don't lift a finger let me hold you

Hold you here until the pain it has all goneI'll take care of you, oh

Have faith that when you call my name

I'll be there, I'll be right there

So keep breathing, oh keep that sweet heart of yours beating I'll be right there, I'll be right thereI'll take care of you, oh

Have faith that when you call my name

I'll be there, I'll be right there

So keep breathing, oh keep that sweet heart of yours beating I'll be right there, I'll be right there, I'll be right there
