

Change Your Mind

Moonchild

I have traced the dots and back again
Hoping for some truth
Oh the thickest lines point to the end
I know you love me I do Finding bliss in half your heart
Defining love as patience art
Steady feet will find a way
Just keep saying it's okay I'm scared of loving you
I tried to stop, but there's nothing I can do
I'm gonna give you the best of my love
And pray you change your mind
Pray you change your mind
Oh a change is gonna come is playing
Loud and strong
And from the way you're looking at me
How could it be wrong Happiest and lowest down
Uncertainty's familiar sound
I won't open up the door
But I can't take it any more I'm scared of loving you
I tried to stop, but there's nothing I can do
I'm gonna give you the best of my love
And pray you change your mind
Pray you change your mind I've given you so many reasons to stay
Showing you the joys of love
And I'll find another thousand ways
I can I can, and I want to
Maybe I'm the fool, maybe I'm the fool
I'm scared of loving you
I tried to stop, but there's nothing I can do
I'm gonna give you the best of my love
And pray you change your mind
Pray you change your mind I tried to stop, there's nothing I can do
I tried to stop, there's nothing I can do
