Hot Like Fire

Lamone

You're hotter than summer day, in California.
Ya got me meltin like a sundae, and I want ya.
I know you've been waitin' you've been waitin' a long time for me.
But if you wait a little while longer this is how it'll be.
Oh it's gonna be, hot like fire.
I'm gonna take you, take you higher.
You can't resist,
Kiss, kiss, and kiss and kiss and kiss.

You shouldn't have said "take our time".
I'll let you know when I'm ready (if that's alright)
I won't keep you, I won't keep you, I won't keep you holdin' on.
But if you wait on me, I promise you it won't be long.
Oh it's gonna be, hot like fire.
I'm gonna take you, take you higher.
You can't resist,
Kiss, kiss, and kiss and kiss and kiss
