

Your Name Is Tattooed on My Heart

Screeching Weasel

well i know that our love is for real but i thought you should know how i feel so you're not going anywhere
won't fad away cause your name is tattoed on my heart and i'll always be true don't forget that i don't forget
you wherever i go what i do and should you slip my mind i'll have this to remind me your name is tattoed on
my heart and i'll always be true am i such a fool to show my love for you i know it's no mistake and no this
thing is not a fake don't forget that i won't forget you wherever i go what i do and should you slip my mind i'll
have this to remind me your name is tattoed on my heart and i'll always be true
