

Different Worlds

Risk It!

Let the time flow, let the love grow
Let the rain shower, let the rose flower
Love it seeks, love it finds

Love it conquers, love it binds
We come to each other from different worlds
Drawn to each other by the love inside of us
We give to each other our different worlds

As long as we can do it, life is gonna breeze right through it
We reach for each other from different worlds
With love for each other that will stand the test of time
We're up to the challenge of different worlds

With this love inside us, there is none that can divide us
Love it seeks and love it finds, love it seeks
Love it finds, love it conquers, love it binds, ah ah
Love it seeks, love it finds, love it conquers, love it binds
