

# Fewer Words

## Badly Drawn Boy

Bet you wish you knew what time it is  
And it's clear that you don't  
Understand a love that requires fewer words  
It's been a while since we spoke but there's still hope  
If we materialize the myth  
Never trivialize the kiss  
Oh, it feels like there's no fire left in your eyes  
This is how love dies  
This is how love dies
