

# Fabienne

## Mission (UK)

A sheer moon  
Bless her silken heart  
Head in the clouds  
Trick or treat on the tip of her tongue  
And she kisses the sky  
Waiting for the stars to come out and shine  
Fabienne let me kiss the moon  
Fabienne let me kiss  
Let me kiss the moon  
And shooting the line  
And heaven be praised  
The hard shineShe's pure in thought and  
Hand on heart and heaven sent  
Childish eyes  
Reaching for the stars  
Betray the love of the innocent  
With a trembling hand  
Fabienne let me kiss  
Fabienne let me kiss the moon  
Let me kiss the moon  
Let me kiss the moonFabienne let me kiss the moon  
Fabienne let me kiss the moon  
Fabienne let me kiss the moon  
Fabienne let me kissLet me kiss the moon
