

Hey Stewardess

Rondo Brothers

We thought it was a golf course
But when we got there it was just a bunch of grass
I had one new cigarette
We dipped it in for the scent
I blacked out, out in the sand Because you left the hole
That only a photo ?closed?
When theres a picture not even worth the words
Because I want to take it now
When theres a picture not even worth the words
Because I wanna take it now
'cause things aren't the same here without you around
We thought it was the jungle
But when got there it was only half of a plant
And I thought you were my answer
But when I got here it was just a girl with your hands
And you left a hole
That only a photo knows
When there's a picture not even worth the words
Because I want to take it now
When there's a picture not even worth words
Because I want to take it now
'cause things aren't the same here without you around
'cause things aren't the same here without you around We can go ???
Lend me a dream ??
??? still up in the sky I'm singing Hey stewardess, what is this?
Hey stewardess, did you miss
My fourth ??
And I ain't what I used to
I ain't quick like i used to
I fumbled here in ??? 'cause you left a left
That only a photo knows (just wait I'll take my stay, put it on a paper plate
Carry it across ?????????
I'm in ??? dancing in the street don't mind the heat at all
I give a little bit, I give a little bit, I give to you baby) When there's a picture not even worth words
'cause i want to take it now
'cause things aren't the same here without you around
'cause things aren't the same here without you around
