Red Eyes (feat. RHIMMS)

tim legend

Ohoh
Yeah yeah eh eh
Noooo

Roll up we smoking out loud
(Roll up we smoking out loud)
Don't really care if it's not allowed
Oh, yeah

In the club hey be do you feel it (do you feel it)
You in the city only for a minute (for a minute)
so why not burn another one

You got it, you got it
Some kinda magic (a magic)
Hypnotic, hypnotic
Oh, what you do to me

You got it, you got it
Some kinda magic (a magic)
Hypnotic, hypnotic
Oh, what you do to me

Catch your red eyes (right)
How the time fly
No back at train we ain't got time
Can't wait till I could call you mine

Watch the sun rise in your eyes
Time frames won't mean a thing
Baby already know one thing
End of the year you're worth it all
(you're worth it all)
Feeling my love
Catch me when I fall (catch me when I fall)

You got it, you got it
Some kinda magic (a magic)
Hypnotic, hypnotic

Oh, what you do to me

You got it, you got it
Some kinda magic (a magic)
Hypnotic, hypnotic
Oh, what you do to me

End of the year you're worth it all
Feeling my love
Catch me when I fall (catch me when I fall)

You got it, you got it (whoaawhoa)
Some kinda magic (a magic)
Hypnotic, hypnotic
Oh, what you do to me (catch me when I fall)

You got it, you got it (whoaawhoa)
Some kinda magic (a magic)
Hypnotic, hypnotic
Oh, what you do to me

Oh, what you do to me

What you do to me

What you do to me

Yeaheheh oh, bae
