Watchlar

Cocteau Twins

Atmospheres they throw a little storm
Motions aren't emotional
Good morning I threw as if my welcomeAtmospheres they throw a little storm
Motions aren't emotional
Good morning I threw as if my welcome(Smiling face)
Atmospheres they throw a little storm
(We all love)
Motions aren't emotional
(Hay)
Good morning I threw as if my welcome
(Aah)(Darling skies)
Atmospheres they throw a little storm
(What's in that's)
Motions aren't emotional
(My)
Good morning I threw as if my welcome
(Secrets)Atmospheres they throw a little storm
Motions aren't emotional
Good morning I threw as if my welcomeAtmospheres they throw a little storm
Motions aren't emotional
Good morning I threw as if my welcomeWhere is all this, as I float out of
It's the news, ooh
Okay, floating away
Bask on rays, sing out all day(Smiling face)
Atmospheres they throw a little storm
(We all love)
Motions aren't emotional
(Hay)
Good morning I threw as if my welcome
(Aah)(Darling skies)
Atmospheres they throw a little storm
(What's in that's)
Motions aren't emotional
(My)
Good morning I threw as if my welcome
(Secrets)(Where is all this)
Atmospheres they throw a little storm
(As I float out of)
Motions aren't emotional

(It's the news)
Good morning I threw as if my welcome
(Ooh)(Okay)
Atmospheres they throw a little storm
(Floating away)
Motions aren't emotional
(Bask on rays)
Good morning I threw as if my welcome
(Sing out all day)
