When True Love Steps In

Tammy Wynette

When I met him he was lonely from a love that went wrong
And I helped him to forgive about the life he have known
And I gave him the courage to start over again
Yes it's funny how people change when true love steps in
And when I met her she was looking for a true and good time
And when she found out someone cared it changed her ways in her mind
And then I asked her to go with me I didn't care where she'd been
Ain't it funny how people change when true love steps in
True love stepped in and I know it will last
If we live for tomorrow and forget about the past
For the first time in a long time we're happy again
Yes it's funny how people change when true love steps in
Yes it's funny how people change when true love steps in
