Stay On Top

US5

[Chorus:]
Don't forget we're still in control
And we ain't never gonna stop, we rock,
We got better, stock together,
Through whatever, we'll stay on top, unite
It gets better, we're together,
Through whatever, we're stay on top[Verse 1:]
[Part Jay:]
Could you believe we'd fall off track
And not come back, but look who's back,
Stronger and tougher[Part Chris:]
And what did you think,
That we would stop, but we're still hot,
So just see, we can't be
Held back[Bridge Izzy:]
We heard it all, people lied
Tried to bring us down,
They wanted us just to break
But we're still around, they never
tell all the facts, crazy what they see
But that's alright if they don't believe, be-lieve[Chorus][Verse 2:]
[Part Richie:]
It's hard to believe how people hate,
And perpetrate, things that we face,
Make us wiser[Part Vince:]
They say everything, to break our souls
Make us feel low, but we won't go, out just, like that[Bridge Izzy:]
We heard it all, vicious lies, just to bring us down,
Dirty rumours, gossipin, spreading things around
They never tell all the facts,
Crazy what they say,
But that's alright if they don't believe, be-lieve
