

# Just Go (Never Look Back)

## Papa Roach

We're the gladiators  
Taking my heart won't be that easy  
So send in your lies  
I'll fly so high the birds won't reach me  
So prepare yourself  
Screw everyone else  
'Cause time is counting down  
It looks like it's now  
Just go  
(Don't look back)  
Just go  
(Never look back)  
Kept my eyes on the prize  
The next step in my evolution  
Is to realize  
(Realize)  
My life is just a crazy ride  
So prepare yourself  
Screw everyone else  
'Cause time is counting down  
It looks like it's now  
Just go  
(Don't look back)  
Just go  
(Never look back)  
Just go  
(Don't look back)  
(Never look back)  
Just go  
(Don't look back)  
(Never look back)  
Don't look back  
Never look back  
So prepare yourself  
Screw everyone else  
'Cause time is counting down  
It looks like it's now  
So prepare yourself  
Screw everyone else  
'Cause time is counting down  
It looks like it's now  
(Don't look back)  
It's now  
(Never look back)  
It's now  
Don't look back  
Never look back  
Don't look back  
Never look back  
Don't look back

Never look back  
Don't look back  
Never look back
