Wedding Bells

The Dream

Wedding just to throw a party
The divorce rate, is it about 60 percent
I hear, church bells
It's too many people in yo shit
Radio Killa
Mr. Have A Wedding Just To Throw A Party
Nine layer cake, wash it down with Bacardi
Tux on, real rings, shawty get it started
Bussin' like it's my first time, going half on that molly
I hear wedding bells
Just to throw a party
Nine layer cake, wash it down with Bacardi
I hear wedding bells
Just to throw a party
Nine layer cake, wash it down with Bacardi
She say you got too much fucking baggage
Maybe so but its still gon be all my baggage
One day this money could disappear like magic
Uh, 2 down & I'm working on this hat trick, uh
I'll have her momma like "hell nah, he ain't right"
"Ain't ya type", my sister like "hell nah, she ain't right"
"She ain't ya type", we ain't right for each other
Fuck it, it's nothing
If I was perfect, I'm sure it'll still be something
I love you babe, but ya killing me
I wanna be the one that gives you everything
They say I'm bad for you, well shit you bad for me
Cause I don't give a fuck about nothing but you
And you give a fuck about everything
Mr. Have A Wedding Just To Throw A Party
Nine layer cake, wash it down with Bacardi
Tux on, real rings, shawty get it started
Bussin' like it's my first time, going half on that molly
I hear wedding bells
I hear wedding bells
I hear wedding bells
I hear wedding bells
This psychic told me I would meet a bad bitch
But she never mentioned that it'd turn out tragic

Wanna save the world, so flawed now
Then magic
Shit I'm 5 down, I'm working on my Brad Pitt, uh
I'll have her momma like "hell nah, he ain't right"
"Ain't ya type", my sister like "hell nah, she ain't right"
"She ain't ya type", we ain't right for each other
Fuck it, it's nothing
If I was perfect, I'm sure it'll still be something
I love you babe, but ya killing me
I wanna be the one that gives you everything
They say I'm bad for you, well shit you bad for me
Cause I don't give a fuck about nothing but you
And you give a fuck about everything
Mr. Have A Wedding Just To Throw A Party
Nine layer cake, wash it down w. Bacardi
Tux on, real rings, shawty get it started
Bussin' like it's my first time, going half on that molly
I hear wedding bells
I hear wedding bells
I hear wedding bells
I hear wedding bells
Wedding bells
I hear wedding bells
I hear wedding bells
I hear wedding bells
