Metal Brothers

Cryonic Temple

[M: Cryonic Temple L: Johansson / Ahonen]They came to us and stole our gold
They told us to fight for the mighty lord
We raised our hands and we said no
Co's we are free we will not goWe are the ones, brothers of steel
And we are proud we will not kneel
We walk against you with the fists of steel
Co's we are strong we make you kneelLive to DieMetal Brothers, we fight together
Metal Brothers, we fight foreverBrake the chains stand up and fight
Tell them all that the Temple knight
will ride the earth and free us all
The metal sound is a holy callWe will unite[Repeat chorus][Lead - Ahonen / Collin][Repeat chorus twice]
