

Rollacoasta

Robin Thicke

It's fashion

It's fashion

It's fashion

It's strobe light, it's fashion, it's strobe light

It's rollacoasta! Slap me in my face, punch me in the eye.

Do me how you want baby but just don't say goodbye

Tell me I'm no good, tell me I'm not right

Just let me lay beside you when you fall asleep tonight Rollacoasta

Throw your hands up

Take me to the top

Rollacoasta

Up side down I never wanna stop

Rollacoasta

Take me to the limit til I drop

Rollacoasta make you scream (make you scream alright)

Make you scream, make you scream Take me back, take me back

One more time around the track

One more time just hold me tight let me ride with you tonight

Here we go round and round twist and turn and heaven bound

One more time around the track

Tell me that you know

Tell me that you know It's fashion it's strobe lights

It's rollacoasta Hate me in the morning

Sex me up at noon

Girl have me for dinner, baby tease me with your food

Get mad at me for drinkin' shout at me to stop

But you know I'm the only one that ever hits your spot Rollacoasta

Trow your hands up

Take me to the top

Rollacoasta

Up side down I never wanna stop

Rollacoasta

Take me to the limit til I drop

Rollacoasta make you scream (make you scream now)

Make you scream, make you scream Take me back, take me back

One more time around the track

One more time just hold me tight let me ride with you tonight

Here we go round and round twist and turn I'm heaven bound

One more time around the track

Tell me that you know
Tell me that you know It's fashion it's strobelights
It's rollacoasta One more time
One more time It's fashion Take me to the edges one more time
I'll come right down again
It's fashion
Take me on a ride boy if you dare
You know I'm going in Rollacoasta make you scream, make you scream Rollacoasta
Throw your hands up
Take me to the top
Rollacoasta
Up side down I never wanna stop
Rollacoasta
Take me to the limit till I drop
Rollacoasta make you scream (make you scream alright)
Make you scream, make you scream Take me back, take me back
One more time around the track
One more time just hold me tight let me ride with you tonight
Here we go round and round twist and turn I'm heaven bound
One more time around the track
Tell me that you know
Tell me that you know It's fashion it's strobelights it's rollacoasta
It's fashion it's strobelights it's rollacoasta
It's fashion, it's strobelights, it's Rollacoasta make you scream, make you scream
Rollacoasta make you scream, make you scream
Rollacoasta make you scream, make you scream
