

Mr Charisma

Frenzal Rhomb

When he walks into the room men sit up and women swoon
Everybody murmurs "He's here"
 He's the most important guy
 never stop to wonder why
 He's always got so much to say
 He's so cool, he
 makes the rules
Many witty anecdotes one day he will surely choke
 on a story far away
 he's so cool he'll never die,
 makes us laugh and makes us cry
 If only he'd promised to stay home
 He's the man
 He's the man for us
 He's Mr., Mr. Charisma
We see him every other day, he's another world away
 We could hang with him all the time
 He's too perfect to be true,
 I can doubt but so would you
 patiently I'm waiting to find out
 What's behind....that
 sickly smile
 He's Mr., Mr. Charisma
Well I went to your brother but your brother lied
He said what you see on the outside is what you get inside
 I said, I'd like to believe it but I have my doubts
and I think he might be evil but I wouldn't want to shout about it
 He's so strange
 He's quite deranged
 He's Mr., Mr. Charisma
