Hey You

Oxymoron

There's boiling masses on the dole
The same came off some years ago
What a prospect for my country
Gave us hope and let us be, oh yeaJoin the queue, you know the rest
I'm fed up with this want something else
Give the finger to this country
Listen well to what I say forHey, hey, I wanna have some fun
Hey, hey, 'cause I've been bored too long
Hey, hey, and I, hey, hey and I feel so great
When I'm skint and outI'm skint, skint and out tonight
Skint, skint and out tonight
Skint, skint and out tonight
Skint, skintPretty worn out, waiting for the bus
That's departing straight down to the pubs
But I'm out of place where I stay
Nowhere to go 'cause I'm skint, oh yeaHey, hey, I wanna have some fun
Hey, hey, 'cause I've been bored too long
Hey, hey, I gonna feel so great
When I'm skint and outI'm skint, skint and out tonight
Skint, skint and out tonight
Skint, skint and out tonight
Skint, skint, oh yeaHey, hey, I wanna have some fun
Hey, hey, 'cause I've been bored too long
Hey, hey, I gonna feel so great
When I'm skint and outI'm skint, skint and out tonight
When I'm skint and out tonight
I'm skint, skint and out tonight
When I'm skint and out tonightI'm skint, skint and out tonight
When I'm skint and out tonight
I'm skint, skint and out tonight
