

Falling

Amerie

Can I give you my trust? I'm falling
Can I give you my love? I'm falling
If I give them to you, I'm falling
Will you know what to do? I'm falling Hey, understand, I'm not used to letting go
Once in my past, I told myself, I'll never lose control
But you're not to blame, so please don't ever change
And forgive me if I, I hesitate Over and over and over again
I'm scared to lose
Over and over and over again
That's why I'm asking you Can I give you my trust? I'm falling
Can I give you my love? I'm falling
If I give them to you, I'm falling
Will you know what to do? I'm falling Now, I know that you say, you'll never do me wrong
And I do believe, right here's where I belong
But I'm scared to move, I don't know, don't know, don't know
Said, "I don't know, what to do"
I don't know, don't know, don't know Over and over and over again
See I'm scared to lose
Over and over and over again
That's why I'm asking you, babe Can I give you my trust? I'm falling
Can I give you my love? I'm falling
If I give them to you, I'm falling
Will you know what to do? I'm falling Everything that you said
Like how your life has changed
Everything that you do
You didn't think you had in you
3 years ago, we didn't think this could be true
Now my heart, my love, my everything is you Can I give you my trust? I'm falling
Can I give you my love? I'm falling
If I give them to you, I'm falling
Will you know what to do? I'm falling Can I give you my trust? I'm falling
Can I give you my love? I'm falling
If I give them to you, I'm falling
Will you know what to do? I'm falling I don't know, don't know, don't know
(I'm falling)
I don't know, don't know
(I'm falling)
