

Don't Go

No Authority

I've been wrong, I'm not afraid to admit
And I know, I only gave loneliness
Baby, don't throw away what we made
'Cause I don't know if I can take another heartache
Baby don't go, don't walk away, please stay
Baby don't go, what more do I have to say
Don't you know, don't you know that I want ya, I need ya
I'd give anything, I can't take another day, don't go
Oh, oh, oh, yeah
Oh, oh, oh, yeah
When we met love was pure tenderness
Can't forget from the first time that we kissed
Girl, I prayed that you will always be here
With every part of me I promise thee anything
Here in my arms
Can't you see that you're close to my heart
Girl, can't you tell me what went wrong
'Cause I need to know
Baby don't go, don't walk away, please stay
Baby don't go, what more do I have to say
Don't you know, don't you know that I want ya, I need ya
I'd give anything, I can't take another day, don't go
Ya know I want ya baby
Ya know I need ya baby
Ya know I want ya baby
Ya know I need ya baby
Baby don't go, don't walk away, please stay
Baby don't go, what more do I have to say
Don't you know, don't you know that I want ya, I need ya
I'd give anything, I can't take another day
Baby don't go, don't walk away, please stay
Baby don't go, what more do I have to say
Don't you know, don't you know that I want ya, I need ya
I'd give anything, I can't take another day
Baby don't go, please stay
Baby don't go, please stay
Don't you know, please stay
