

# Legionnaire

## Abandoned Pools

Honey I know we've seen bad weather  
But what've we lost that's not already gone?  
I'm a legionnaire of forces  
Climb the walls and burn it down Fall like dominos I'm a legionnaire of forces now  
(Keep it down now)  
So meet me in the wilderness  
I'm always on your side  
To be with you Honey I know we've seen bad weather  
But what do you know?  
It's already gone  
We'll watch that empire fall to pieces  
A paper tiger ringleader Fall like dominos I'm a legionnaire of forces now  
(Keep it down now)  
So meet me in the wilderness  
You and I were made for something more  
(Keep it down now)  
So cast a light and clear me out  
I'm always on your side  
To be with you
