SoMo

Mewark

Ride the waves to land,
when the water takes the sand.
And I surely understand,
as I watched a tide upend.

Chorus
Leave me alone, I gotta go. Let me alone I gotta go now.

Stopped upon a {?}, some time ago.
See right through me, and watching the wind blow.
Leaves don't follow from the ground.
Without skin, without a sound.

Chorus
Leave me alone, I gotta go. Let me alone, I gotta go now
