[Chorus 2x]
I just wanna get drunk with you
Have sex by the pool with you

[Verse 1: WolfFromTBE]
Baby let me touch the right spots got you thinking why not
Baby you ain't no thot
You can be my lil freak be my lil thang
Let me drive you insane ill be all up on your brain
Youll fall in love with me
I know I got a girl back home
But you know that lets forget that
Baby lay back spread your thighs
Let me kiss that
So wet felt like it kissed back
I came up asked her bout her man
She said daddy who is that
Now we fuckin in the back room
Declined calls
I know her man calling back soon
We been fucking all night
Sun up cuddle in the afternoon
Now she asking if I love her
I say it back and I stutter
I dont mean it
No I dont
No I dont
If I did couple months then I won't
Deep down she knows it
Asking questions told her hold it
Asked her who owns it
Said my name twice
Pussy wet I bust it open like Im Moses
She always bust it open

She know small info cause I never let these hoes in

[Chorus 2x]
I just wanna get drunk with you
Have sex by the pool with you
I just wanna smoke blunts with you
I just wanna chill kiss touch and lay up with you

I just wanna get drunk with you
Have sex by the pool with you

[Verse 2: WolfFromTBE]
Lay it down for me
Let me kiss the right spots
You gon put it down on me

Damn she bent it over
And she arched it
Pullin on her hair
Make the pussy talk quick

No matter who she fucks next
She'll always love wolfs dick

[Chorus 2x]
