

Not Above That

Dawn Richard

I'm countin' on this fire
To hold me, love
Been smokin' on this blunt
To keep me up
If I beg for it
Will you get me off?
Cause what you need to give to me
It ain't much
It ain't much, oohhIf we're birds, we'll fly together
Others can't have what we're having
You supply what I'm demanding
I want it all, hoo hoo [x4]
Hoo hooThat's why I call you up at 4 in the morning
Cause I'm not above that
That's why we're making love all night until dawning
Cause I'm not above that
Tell you lies just to keep you smiling
'fraid I'm not above that
You know our love is like the thunder and lightning
No I'm not above that, not above thatI wanna wrap it all around you, ooh
Hold you down like I'm supposed too
Yeah, you know you hit it right, babe, don't you?
Don't think I'll ever be walking soonIf we're birds, we'll fly together
Others can't have what we're having
You supply what I'm demanding
I want it all, hoo hoo [x4]
Hoo hooThat's why I call you up at 4 in the morning
Cause I'm not above that
That's why we're making love all night until dawning
Cause I'm not above that
Tell you lies just to keep you smiling
'fraid I'm not above that
You know our love is like the thunder and lightning
No I'm not above that, not above thatIf the world came tumbling down
You'd still be holding me down
Not above that
I'm not above thatThat's why I call you up at 4 in the morning
Cause I'm not above that
That's why we're making love all night until dawning

Cause I'm not above that
Tell you lies just to keep you smiling
'fraid I'm not above that
You know our love is like the thunder and lightning
No I'm not above that, not above that
