Abundantly

J. Moss

It would be like the sky that's never sunny
It would be like the bee that can't make honey
Or maybe like the fallen snow that never melts
Like always hearing of your touch but never felt
It's like a vase that holds no flowers
Never wanna sleep withoutcha
Never wanna wake withoutcha
I never wanna part with life abundantly
Never take a chance withoutcha
Cuz I'll never do my best withoutcha
I never wanna leave this life abundantly
Hallelujah

It would be like the game that has no win
Like knowing loves behind a door, you cannot enter
Like knowing joy's in the morning but never comes
(Kinda like) What life would be if God didn't send his Son
It's kinda like a heart with no love flowing through it
Never wanna sleep withoutcha
Never wanna wake withoutcha
I never wanna part with life abundantly
Never take a chance withoutcha
Cuz I'll never do my best withoutcha
I never wanna leave this life abundantly Repeat 2x
Since you came in my life your the source of my abundantly living
