

# Hungry Man

## BMX Bandits

Hot desert wind, burning sand  
But this land it is my land  
Wait by the well, rain don't come  
River's dry, pray for my son I'm just one, one more poor hungry man  
Yes, I'm just one more poor hungry man Sun in the sky hurts my eye  
Mouth all dry, may God help me  
Wait by the road, man don't come  
Rice all gone for thirty miles I'm just one, one more poor hungry man  
I'm just one, one more poor hungry man  
Yes, I'm just one more poor hungry man  
I'm just one, one more poor hungry man Shout at the truck passing by  
No reply, dust in my mouth  
Somebody soon find me here  
Drowning here in baby's tears Love in the world hear me soon  
Save us all and save my child  
Birds in the skies flying low  
Baby no, his tears all dry I'm just one, one more poor hungry man  
I'm just one, one more poor hungry man  
Yes, I'm just one more poor hungry man  
I'm just one, one more poor hungry man I'm just one, one more poor hungry man  
Yes, I'm just one more poor hungry man  
I'm just one, one more poor hungry man  
Yes, I'm just one more poor hungry man
