

# Lonely City

[John Leyton](#)

Deep in the heart of a lonely city  
I wandered sad and all alone  
Then in the heart of a lonely city  
I saw the girl that I want for my own  
She, just like me, was alone in the city  
Searching for someone who really could care  
Then in a moment I'd lost my heart  
To this lovely young girl who was standing there  
Say, little girl, you've taken my loneliness away  
You and your smile have turned my night into day  
Ooh-ooh-ooh-ooh, ooh-ooh-ooh, ohh-ooh-ooh  
Well, now in the heart of a lonely city  
I'll never wander sad and alone  
Evermore by my side and holding my hand  
Is this lovely young girl that I've made my own  
Say, little girl, you've taken my loneliness away  
You and your smile have turned my night into day  
Ooh-ooh-ooh-ooh, ooh-ooh-ooh ohh-ooh-ooh  
Ooh-ooh-ooh-ooh ...
