

# Figaro

## Gioacchino Rossini

Every morning when sun is dawning  
You'll see him down on the beach  
    Look out girl, beware  
    Better take good care  
    Keep yourself out of reach  
    He's out to make a killing girl  
    He's out to make a score  
    And maybe if you're willing girl  
        He's gonna ask for more  
    Oh oh Figaro, He's got magic oh oh  
        Oh oh Figaro, He's a Romeo oh  
        See him down on the beach  
    He'll be looking for someone new  
    Searching down on the beach  
        Figaro, Figaro  
        When he plays guitar  
        At the disco bar  
    He's the star of the show  
        As the girls go by  
        He just winks an eye  
    See those pretty girls glow  
    He's out to make a killing girl  
        When dancing on the floor  
    And maybe if you're willing girl  
        He's gonna ask for more  
    Oh oh Figaro, He's got magic oh oh  
        Oh oh Figaro, He's a Romeo oh  
        See him down on the beach  
    He'll be looking for someone new  
    Searching down on the beach  
        Figaro, Figaro  
    Oh oh Figaro, He's got magic oh oh  
        Oh oh Figaro, He's a Romeo oh  
    Oh oh Figaro, He's got magic oh oh  
        Oh oh Figaro, He's a Romeo oh
