

# More To Me Than Meat And Eyes

## Early Man

Don't know how much more I can take  
Constant abuse from Master Shake  
I know he thinks that I'm not right  
Stupid wad of meat with a simple mind I feel like no one can relate  
To a ball of meat who changes shapes  
Give meat a chance and you will find  
There's more to me than meat and eyes Yeeaaaaah They may not think I'm very smart  
Takes brains to pull this danger cart  
Back in my youth I was naive  
Now the moon men knights have corrupted me This all should come as no surprise  
You knew soon one day I would rise  
Give meat a chance and you will find  
There's more to me than meat and eyes Yeeaaaaah
